CAREER

Software Engineer October 2022 – Present

Axilweb Ltd.

Axilweb is a digital agency that provides back office support services and makes web ecosystems for organizations to modernize their business process. Some projects I have worked on:

DUTIES & RESPONSIBILITIES

- Collaborated on HTML/CSS to Vue.js conversion for enhanced UI.
- Developed and optimized backend functionality.
- Managed code deployment to production servers.
- Conducted requirement analysis with stakeholders.
- Contributed to code reviews and mentored junior developers.
- Dockerized the application for efficient and consistent deployment.
- Orchestrated server setup and configuration for hosting the application, ensuring optimal performance and reliability.
- Stayed updated on tech trends for ongoing improvement.
- Led database design and optimization efforts, ensuring efficient data management and retrieval to support application functionality and performance.

Software Engineer May 2021 – October 2022

Shapla

Shapla is a limited company that offers a versatile suite of services, including HR Management apps, Tax filing, Virtual Office space, and a Job Portal. Their commitment to excellence and innovation in these areas makes them a valuable resource for professionals and businesses seeking efficiency and growth.

DUTIES & RESPONSIBILITIES

- Developed and optimized backend functionality.
- Managed code deployment to production servers.
- Conducted requirement analysis with stakeholders.
- Dockerized the application for efficient and consistent deployment.
- Stayed updated on tech trends for ongoing improvement.

Software Engineer May 2020 – May 2021

Evident BD

Evident BD is a software development company that works with multiple clients to design and develop web applications for all kind of businesses based on their needs and specifications. We assist them in gaining a competitive advantage by providing best web development solutions to their challenging problems.

Junior Software Engineer March 2019 – April 2020

Amin Travels & Tours

Amin Travels & Tours is a government-approved agency specializing in Hajj, Umrah, worldwide air ticketing, and visa processing. With a focus on facilitating seamless travel experiences, they are a trusted name in the industry, serving clients seeking religious pilgrimages and international travel services.

ABOUT ME

As a dynamic and highly motivated software engineer with over 4 years of experience, I specialize in creating web applications that optimize business operations. I hold a Bachelor's degree in Computer Science & Engineering with Cum Laude distinction from North South University. My passion for innovation and adaptability as a fast learner drive my continuous growth. I'm eager to contribute my skills to a forward-thinking organization, leveraging my expertise to tackle complex challenges and play a key role in advancing the world of software engineering.

LANGUAGES

- **Bangla**(Native Language)
- **English**

PROFESSIONAL SKILLS

- PHP(Laravel)
- Python
- Nest Js
- Typescript
- Prisma
- Express Js
- Rest API
- Docker
- Deployment
- MySQL
- PostgreSQL
- Mongo DB
- Vue JS + Pinia
- Linux/UBUNTU
- Git
- Nuxt Js
- Bootstrap
- Tailwind CSS
- Electron Js
- React Js

TOOLS EXPERTISE

- VS Code
- Jira
- Trello
- Basecamp
- Git Bash

EDUCATION BACKGROUND

BSC. Engineering in Computer Science & Engineering.

North South University

Year: 2015(May)-2020(April)

CGPA: 3.55 out of 4.00 (Distinction: Cum Laude)

Higher Secondary School (HSC)

Engineering University Higher Secondary School & College

Year: 2011-2013

GPA: 5.0 out of 5.0

Department: Science

Secondary School Certificate (SSC)

St. Gregory's High School & College

Year: 2001-2011

GPA: 5.0 out of 5.0

Department: Science

Projects

Shapla

URL: <https://www.shapla.io>

Technologies: Laravel, Vue Js, Kong, PostGresSQL, Go, Python, Express Js, Docker, Caddy

Northwest Driving School

URL: <https://northwestdrivingschool.com>

Technologies: Laravel, Vue Js, PostGresSQL, Docker, NGINX

PDF OCR

Technologies: Flask, Vue Js, PostGresSQL, Docker, NGINX

Manage Your Ecommerce

URL: <https://www.manageyourecommerce.com>

Technologies: Laravel, Vue Js, Flask, MySQL, Docker, NGINX

Inventory Keeper

URL: <https://www.inventorykeeper.net>

Technologies: Laravel, Bootstrap, MySql, NGINX

Attendance Keeper

URL: <https://attendancekeeper.net>

Technologies: Laravel, Bootstrap, MySql, React, NGINX

Attendance Keeper Desktop App

URL: <https://play.google.com/store/apps/details?id=net.attendancekeeper.app&pli=1>

Technologies: Electron Js

XTC Exotics App

URL: <https://xtcexotics.com>

Technologies: Laravel, Vue Js, PostGres, Docker, NGINX
